Hi this is Mr. James Knowles of Manley Hot Springs, AK.

I currently am employed, as a Caterpillar Heavy Equipment mechanic at the Fort Knox gold mine.

I am half way through my 9th year there & love the mining industry in Alaska.

I look forward to the mining operation to start as soon as possible, at the Donlin Project! Studying the past & present info, it looks to be an awesome mine to be involved with. I plan to apply for employment there.
