Subject: [EXTERNAL] Fw:public comment on federal register gold mines in alaska to destroy it
Date: Thursday, January 07, 2016 9:30:20 AM

i oppose this area of alaska public land being mined for gold, putting down mercury when you mine gold means poisoning the entire area for life for about 500 years. or more. i am sick of america being turned into poison country. i want nature preserved. its time to stop the profiteers from poisoning all of earth. we have no other planets to go to to live and stay alive. we die from these poisons. this comment is for the public record. please receipt. jean publee jeanpublic1@yahoo.com
